(1) OVERVIEW

Purpose

The Travel Card User’s Guide provides the cardholder with information on the appropriate use of the card. It is expected that employees who travel and incur University business expenses will apply for and use the Travel Card as the payment method for those expenses where MasterCard is accepted as a payment method. Under the new corporate-liability agreement, cardholders now need to reimburse UM for unapproved charges instead of paying this directly to US Bank.

Proper Use

Cardholders may only use the Travel Card for University travel-related business transactions. Cardholders (travelers and administrators) are responsible for ensuring that all charges comply with policy and are properly itemized, supported by a business purpose, approved, and submitted via Workday.

The Travel Card must not be used for personal expenses. Because the Travel Card is a University liability Corporate Card, the University has responsibility for paying Travel Card charges directly to the bank. The cardholder is personally responsible for repaying the University of Miami for all non-reimbursable Travel Card charges. This is highlighted in the new Travel Use Agreement form (attached below)

In addition to adhering to the Travel Card policies and procedures, all Travel Card transactions must be made in compliance with University policies and procedures governing expenditures and purchasing. All Travel Cardholders who are allocating expenses to a sponsored project account, must be in compliance with the policy that governs that respective program.
Cardholders who do not comply with University policies and procedures may have their University of Miami cardholder privileges revoked. Misuse of the Travel Card may result in disciplinary action, up to and including termination of employment.

The expense report will be submitted via Workday and supported by appropriate documentation as required. If a cardholder fails to timely submit an accurate and complete expense report, reconciliation, or supporting documentation, the University of Miami will consider the unsupported charges to be a personal loan and may collect those amounts from the cardholder. If the cardholder fails to reconcile their expenses within sixty (60) days after the statement date, as required above, the Travel Card will be suspended/deactivated until such charges have been reconciled and approved, in addition to any other rights the University of Miami may have.
